4. Learning and development

4.1. There are seven areas of learning and development that shape pupils' education. These are split into two groups; prime areas and specific areas.

4.2. The prime areas are:

- **Communication and language**
 - The school gives pupils the opportunity to experience a rich language environment, and to develop their confidence and skills in expressing themselves.
- **Physical development**
 - The school provides opportunities for pupils to be active and interactive, and to develop their coordination, control and movement. Pupils are helped to understand the importance of physical activity and make healthy choices in relation to food.
- **Personal, social and emotional development**
 - The school helps pupils to develop a positive sense of themselves and others to enable them to form positive and respectful relationships. Pupils develop social skills and learn how to manage their feelings and behave appropriately in groups, and to be confident in their own abilities.

4.3. The specific areas are:

- **Literacy**
 - The school encourages pupils to link sounds and letters, and to begin to read and write. To assist pupils in doing this, the school gives pupils access to a wide range of reading materials.
- **Mathematics**
 - The school provides pupils with the opportunity to develop their skills in counting, understanding and using numbers, and working out simple addition and subtraction problems. Pupils are taught to describe shapes, spaces and measures.
- **Understanding the world**
 - The school guides pupils to make sense of the physical world and their community through opportunities to explore, observe and find out about people, places, technology and the environment.
- **Expressive arts and design**
 - The school enables pupils to explore and play with a wide range of media and materials, and provides pupils with the opportunity and encouragement to share their thoughts, ideas and feelings through a variety of activities including art and music.

4.4. **Learning strategies**

- Staff members will ask open-ended questions and challenge pupils to re-examine and extend their understanding of the world.
- Pupils' personal interests will be used as a basis to develop and extend their skills and knowledge by relating learning intentions to pupils' own life experiences.
- All pupils will be encouraged to make and modify plans as a method of ensuring that they review and reflect on their own learning.
- Evaluations of individual pupils' learning will be used to inform future planning.
- Open-ended resources will be utilised to support exploration and critical thinking, as well as providing provocations to enthuse and motivate pupils.
- Learning intentions will be shared with the pupils and parents – setting clear expectations for what pupils are expected to achieve.

4.5. **Learning through play**

- Play is essential to pupils' cognitive, imaginative, creative, emotional and social development. We aim to provide high quality play experiences which have a balance between adult-led and child-initiated play, allowing pupils to explore their own ideas and apply what they have learnt in different situations.
- Pupils will be able to explore at their own pace, but are given consistent boundaries.
- Staff members will be actively engaged in pupils' play, either by undertaking careful observations or by joining in with the pupils in order to develop their activity.

5. Enabling environments

- 5.1. The school recognises that the environment plays an important role in supporting and extending pupils' learning and development.
- 5.2. The school ensures that pupils from all backgrounds are supported and given the opportunity to do well.
- 5.3. Arrangements are in place to support pupils with SEND, including appointing a SENCO.
- 5.4. All staff members are responsible for ensuring that the emotional environment is warm and accepting of everyone.
- 5.5. In order to create an environment in which pupils feel confident to try new things, staff members empathise with pupils, support their emotions and ensure they feel valued.
- 5.6. Pupils have access to a range of learning environments, including indoor and outdoor activities, at all times.
- 5.7. The indoor environment contains resources which are age-appropriate, well-maintained and accessible to all children.

- 5.8. All indoor spaces are sufficiently maintained and appropriate for the activities planned in the spaces.
- 5.9. We recognise the positive impact that outdoor learning can have on pupils' wellbeing and development; therefore, we ensure that pupils are given regular opportunities to work outside.
- 5.10. Our outdoor provision incorporates the prime areas of learning, offering pupils the freedom to explore, use their senses and be physically active through:
 - The use of natural materials.
 - Learning about growing and the living world.
 - Research and experimentation.
 - Sensory play
 - Physical play and movement.

 - Necessary resources
 - Provocations
 - The early learning goals (ELGs)
 - Staff members' roles
- 7.4. Staff members develop knowledge of pupils and their families, and use this information to plan learning experiences.
- 7.5. Data for groups of pupils is collected on a termly basis in order to inform the learning foci of the termly plan.
- 7.6. All plans are evaluated to ensure breadth, challenge and relativity.
- 7.7. On-going formative assessment and daily evaluation meetings enable staff members to reflect on pupils' self-initiated learning and interests, helping to inform the provision plan for the next day.
- 7.8. Staff members provide pupils with action-specific, concise and positive feedback, allowing pupils to reflect on their own learning experiences.
- 7.9. Assessment does not entail prolonged breaks from interaction with pupils, nor does it require excessive paperwork.
- 7.10. To ensure all pupils can reach their full potential, EYFS staff members are alert to the general diversity of each child's interests, needs and inclinations, and reasonable adjustments are made to the assessment procedure, where necessary.

- 7.11. The results of the EYFS profile are shared with parents and, where required, parents are given the opportunity to meet with the teacher who completed the profile.
