Pupil Safety

A child was hit by a car when leaving school, fortunately the pupil was able to walk away from the incident with bruises but was very frightened by what had happened. The child was walking on the pavement when this occurred, they were in an area where there are double yellow lines and were hit by a car that was parked there. The driver then drove off, this is completely unacceptable behaviour from any road user. So, I am asking all parents to be extra vigilant and take extra care.

Should you have parking concerns please report them immediately to the police.

Driving children to school is seen as the most convenient choice for parents with busy lives. I realise that there are some parents/carers who have no alternative but to drive their children to school, however, many are driving short distances where walking is a real option. Even those who have to drive to school can do their bit by parking away from the school entrance and walking for part of the journey.

What can you do to help keep everyone safe around the school gates?

Please don't:

- Block the road - emergency vehicles and other traffic may need access
- Park on yellow lines, zig-zags or block the school entrance
- Park on the pavement, across dropped kerbs or residents' driveways
- Park opposite or within 10 metres of a junction
- Park where you will cause inconvenience to other road users
- Leave your vehicle with the engine still running
- Stop in the middle of the road to drop your child off, even for a few seconds.

These changes make a real difference to the congestion and most critically safety around our school.

Sincerely
Ms C Hall
Headteacher
