15 March 2019

Dear Parents/Carers

It has been an exciting few weeks for us recently, welcoming several visitors into school who have asked to come and visit us to celebrate our many successes.

## Most Improved school!

Last Friday Craig Tracey MP came to visit us at his request. He had been notified by the Department for Education about our recent successes and wished to congratulate the children and staff. He spoke to the children in their classes and answered their many questions about the life of an MP. He congratulated the children in assembly on being the most improved school in his constituency and one of the most improved schools in the UK over the last three years. We are so pleased that the hard work of the staff and pupils is acknowledged and we continue to build on our successes each day.

## Bedworth Lions – Tommy Competition Winners

Today we welcomed the Bedworth Lions into assembly, again they came to celebrate our recent success with the homework entries for the Tommy statue. Back in December we were very fortunate to have on loan the Tommy statue to commemorate the fallen from the local area during the World Wars. The whole school was given an award for everyone's efforts and we were lucky to receive a huge box of colouring pencils. The three specially selected entries were Enva in Year 3 and Lucy and Darius both in Year 6. Well done and thank you to everyone who took part in the competition.

The children were fantastic role models, as always, for both of these visits and it did not go unnoticed with everyone praising the children for their manners and enthusiasm.

## Food for Life – Bronze Award

We have recently been awarded the Food for Life Bronze Award. Mrs Hanger and her SNAG (School Nutritional Action Group) have worked tirelessly over the last 18 months to reach the required standard for the award. Two pupil representatives from each class, have been working with the school kitchen to make changes to the way dinners are served and to look at healthier choices on the school dinner menus. All classes have been into the Hideout to spend time cooking healthy meals, and have learnt how to handle kitchen equipment safely and understand what healthy food choices are. Believe it or not they are now already working towards their Silver Award – watch this space!

Well done children on your continued hard work – and as I always say “hard work *does* bring its rewards” – you have made us all really proud.

Yours faithfully

Mrs A Rees  
Headteacher
